Temporary Centre Closure

As the Government has recently placed England in Lockdown Mk 3, The Heene is in temporary closure and is not allowed to open for classes etc., with the exception of Laugh and Learn Pre-school. That also means Cafe One22 will not be able to open, until the restrictions have been lifted. These are very challenging times for The Heene, so please be patient with us in the office, as we have had to temporarily reduce the staff hours, until the situation improves. I will endeavour to do my best to answer your emails as quickly as possible.

Meet the Team - Jo

"I joined The Heene in June 2013 as a volunteer, after falling in love with the Centre, whilst attending a Business Studies course here. Within 2 weeks of working, I was offered the position of full-time Admin Assistant. When a vacancy arose in that November, I became a Duty Manager. The following summer, I became Centre Manager. I have seen and made many positive changes in that time and feel that the Centre is a welcoming and vibrant place for all ages to enjoy. When I am not at the Centre, I love spending time with my growing family, socialising with friends, walking, gardening, the arts, photography, exploring spirituality and psychic development. We will be back, so keep safe and look after yourselves!"

Meet the Team - Sue

"I came to work at Heene Community Centre in 2016, as a part-time Admin Assistant. I started on June 13th, which was the week before the Summer Fayre, so I was thrown into the deep end with assisting with the last minute organising, but I thoroughly enjoyed the community spirit. Since that time, it has become increasingly busy around the Centre. In my spare time, I love watching shows at the theatre, gardening and supporting Norwich City Football Club and enjoy the Monday morning banter with Tom about football. I have recently rediscovered my sewing machine, and have been filling my hours on furlough by making dresses. Before lockdown, I enjoyed going to the gym and socialising with friends. I look forward to when the Centre is back to the 'new normal'. Take care everyone!"

Meet the Team - Tom

"I have been at Heene Community Centre since the beginning of time. Ok, not quite. I started here as a caretaker in 2013 and then two years later, I moved into the office to become Jo's Admin Assistant. In that time, I have been surprised how much the Centre has grown into a thriving community centre. Outside of work, I like going out with friends, gardening, watching boxsets and supporting Manchester United Football Club. I look forward to the world returning to normal."

For up-to-date information on classes, past newsletters, Café One22 and when the Centre is able to re-open, please follow Heene Community Centre.
